Lendistry provides opportunity for small business owners and their communities through fair financing and financial education.

Lendistry combines the speed and convenience of technology, the knowledge and guidance of responsible lending, and the investment capital of social impactors and national banks. As a minority-led Community Development Financial Institution, we are dedicated to providing economic opportunities and progressive growth for underserved urban and rural small business borrowers and their communities.

Lendistry works with its non-profit organization, [The Center by Lendistry](#), to connect its small business customers with technical assistance, business courses, business advisors, and access to other programs and services.
