Highlights from what we've been working on over the last month:

SBA Verification: We launched a free solution that enables small businesses to share relevant payroll data with lenders in order to qualify for loans under the Paycheck Protection Program (PPP) and help demonstrate eligibility for forgiveness. For more information, please reach out to smb-loans@plaid.com (<mailto:smb-loans@plaid.com>).

Payment Initiation: We launched [Payment Initiation](https://plaid.com/blog/payment-initiation) (<https://plaid.com/blog/payment-initiation>) in the UK which offers an easy way for users to fund their accounts, make purchases, and pay invoices—all from their favorite apps or websites.
