Optimize Your Lending Profitability

PayPlan's Loan Origination System is designed with high-converting borrower applications that can be customized with your brand's look and feel. PayPlan's system enables lenders to significantly increase loan acquisition rates while reducing the costs associated with acquiring loans compared to competitors.

Why PayPlan?

Whether you are upgrading your old system or need a new, agile lending solution, PayPlan is your answer. PayPlan underwrites, and approves loans faster, making for more profitable lending performance. It works completely out of the box, configured to your needs, or enhances your existing lending pipeline, filling in crucial gaps to deliver the best experience for lenders and borrowers.
