has 64 million members with over 145,000 individuals joining daily, as well as partnerships with 27 states, multiple federal agencies, and over 500 name brand retailers. The company provides identity proofing, authentication and group affiliation verification for organizations across sectors.

The company's technology meets the highest federal standards and is approved as a NIST 800-63-3 IAL2 / AAL2 conformant credential service provider by the Kantara Initiative. ID.me is the only provider with video chat and in-person verification, increasing access and equity. The team is committed to "No Identity Left Behind" to enable all people to have a secure digital identity.

Identity touches all sectors of the economy. But revealing the information that identifies us can be risky. At ID.me, we've changed this paradigm.

## ID.me

### Our Story

It began when ID.me's CEO and founder Blake Hall, a decorated Army Ranger, watched a military veteran display their DD214 separation paperwork to a store employee to claim a military discount. The document held far more information than was needed to verify military service. Exposing so much personal information for a single benefit was risky and unnecessary. There had to be a
