"Jim is a creative goal driver with a knack for being able to adapt to most any situation and continue driving results. I had the pleasure of working for Jim for almost 4 years and I would not have gained the skills I needed to operate in my current capacity had it not been for his leadership and mentoring. He is strategic, knowledgeable, personable, caring and when it comes to negotiating there is no better. Leader, teacher, mentor, friend; trust in Jim and there are no limits to what you can accomplish. "
